Re: L. E. Carpenter & Company Site, Wharton, NJ
EPA Biotreatability Evaluation

Dear Ms. Purcell:

Enclosed is one copy of a June 16, 1992 memo from Dr. Don Kampbell, with attachments. The memo responded to the EPA Region II comments dated April 27, 1992. Although the attached revised report contains a number of changes, it should still be considered a draft and should not be released outside EPA and NJDEPE. However, it should be useful for comparison to the report that will soon be submitted for the treatability study now being performed by IT Corporation.

Feel free to contact me at (212)264-8098 if you wish to discuss the L. E. Carpenter & Company Site.

Sincerely yours,

Jonathan Josephs, Project Manager
New Jersey Superfund Branch II
Emergency and Remedial Response Division
